

RENEWABLE ENERGY INSURANCE

STRENGTH IN DEPTH

www.lpib.co.uk

Founded in 1987 we are a highly respected, expert and experienced leading firm of insurance brokers, operating globally in a retail and wholesale capacity in our chosen specialisms of marine, energy and related insurances.

At a time of consolidation in the broking community which diminishes choice, we offer a truly independent, fresh, focussed and committed alternative. We strive to be the best in class. We understand and care for our clients' needs and demands. We are hands on. We understand service, from the first introduction through to the settlement of complex claims. Our team are dedicated, dependable, tenacious and creative in the pursuit of delivering competitive risk management programmes and solutions to our growing international marine and energy client base.

This approach enables us to offer bespoke solutions to our Clients.

INSURANCE BROKERS

Our Renewable Service Team understand the volatility and complex factors within the Insurance industry. The experience our team has with backgrounds in Underwriting, Claims Advocacy and Project Management, allows us to cautiously assess our clients' risks and exposures and determine the impact on their insurance requirements in order to provide a tailored insurance programme.

Our core services include:

- Planning
- Data Collection
- Submission to market
- Negotiating best terms possible
- Placement
- Document Management
- Claims Advocacy

With our combined approach to energy insurance and risk management, we will service your insurance requirements as part of a single, complete proposition.

It is our personal touch that separates us from our competitors
